Author registration deadline: **May 27<sup>th</sup>, 2024**

Registration deadline: **June 10<sup>th</sup>, 2024**

Conference: **July 8<sup>th</sup> -10<sup>th</sup>, 2024**

## IWA Young Water Professionals BeNeLux Programme

The IWA Young Water Professionals BeNeLux Programme provides unique networking opportunities by bringing together people from water-related research, industry and policy making background who all share a common interest in sustainable water use (policy).

## Objectives of conference

Besides the transfer of scientific research knowledge, the conference aims to be the place for all PhDs, post-docs, professors and professionals under 35 years of age to interact and to create lasting bridges in the water sector. Furthermore, several keynote speakers from the water sector will be invited to discuss job opportunities, while engaging social and creative sessions will be organized to ensure an enjoyable and enriching experience.
